Democratic Ticket.

FOR STATE TREASURER,
Hon. Stephen G. Sharpe,
OF FAYETTE COUNTY.

THURSDAY, JUNE 20, 1889.

An English syndicate has offered \$10,000,000 for the Elgin Watch Factory.

The new Public Printer has 3,500 places under him to fill, but as yet has made very few appointments.

Gen. William T. Withers, a brave officer of the Confederate army, died at his home in Lexington, Ky., last Monday.

The Farmers' Alliance is becoming quite a powerful organization in this section. It is especially strong in Johnson county.

Hon. Bill Chandler has been nominated by the New Hampshire Republicans for re-election to the United States Senate.

Calls for the necessary Democratic conventions are published this week. Let the Democrats turn out full force to the county convention next Monday.

Revenue Collectors were a few days ago appointed in all the Kentucky Districts except this, the Seventh, which will be filled about the middle of July.

New York and Brooklyn have raised for the Johnstown sufferers \$350,000. Pittsburgh has subscribed \$300,000, Philadelphia \$800,000, Boston \$150,000 and Chicago \$75,000.

Henry Pickrell, editor of the Fleming Gazette, died Sunday morning, June 9th, at his home in Flemingsburg. He had been suffering from consumption for some time.

Thomas Heaton, seventy-seven years of age, committed suicide at his home near Milldale, Ky., by shooting himself through the head. Several years ago two of his sons killed themselves in a similar manner.

Grand Duke Paul, son of the Czar of Russia, was married on last Sunday to Princess Alexandra, of Greece. The procession in honor of the wedding was more elaborate than the one at the coronation of the Czar at Moscow.

Representative Mason, of Illinois, thinks that the pension appropriation will have to be increased annually for a period of at least ten years, and that the maximum amount will be between four and five hundred million dollars.

The Republican State Committee will meet on July 4th to select a candidate for State Treasurer, having failed to accomplish that in a meeting held last week. An exchange says that "it is thought a candidate will be placed on the track some time before the election, or within a very few days after that event, at any rate."

Col. W. C. P. Breckinridge has been mentioned by a number of newspapers as a probable candidate for Governor of Kentucky, but he has declared that he will not be a candidate. Mr. Breckinridge says he prefers to represent his district in the lower house of Congress; a fact which the Democracy of the Union will be glad to know, as the party could not afford to lose his services at Washington.

One of the most important and commendable movements now on foot in Kentucky is the proposed establishment of a Bureau of Information and Immigration, the objects of which, of course, are the same as those of like organizations elsewhere; and that is, the adoption of an official method of directing the attention of foreigners to the resources of our State. Other States have found this the most effective plan to bring people and wealth, and with such an organization a few years ago Kentucky would now have ranked much higher in the matter of enterprise and development. No one can refuse to encourage this proposition.

Rev. David A. Day, missionary of the Baltimore Women's Home and Missionary Society, near Monrovia, Liberia, says in his last letter that he saw on a single Sabbath one missionary and 50,000 cases of gin landed on the African coast.

It is to be hoped that the conventions to be held in Catlettsburg on next Tuesday will be entirely harmonious, and that in the selection of the standard bearers everything bearing upon the situation will be considered. Victory depends upon harmony.

When the official list is read in the House it is very likely to stand: Republicans, 163; Democrats, 162. The three new States will send five members, which will increase the aggregate membership of the House to 330, and there will probably be a slight increase of the Republican majority.

A terrible railway accident occurred near Armaugh, Ireland, last week. An excursion train containing 1,200 Sunday-school children and teachers, broke loose on a steep grade and dashed with frightful velocity into a second section. Seventy-two people are known to have been killed outright, and over a hundred are injured, many of whom will die. The accident was caused by the carelessness of the road's employes.

Frankfort Capital: One of the Washington papers, referring to the vacancy on the bench of the Supreme Court, says: "Col. W. O. Bradley and Gov. Foraker are among the eligibles." In this connection we are like the man whose potatoes had rolled from his cart as he drove up hill—the English language is not capable of doing the subject justice. "Bill" Bradley a Justice of the Supreme Court! Then blow your horn, Gabriel, and let us all go.

They have a hard time looking serious, though, while professing it. The Elizabethtown News says:

"The Republicans profess to believe that the Tate defalcation gives them every assurance of electing the State Treasurer in August. Yet the fact that in their State convention they could find no man willing to accept the nomination, and they tried to force it on John Barrett, who was sick in New York, shows the emptiness of their claims. Everybody knows if the Republicans thought they had even a chance of electing a State Treasurer there would have been before their convention a candidate from nearly every county."

Fatal Remorse of Conscience.
[Courier-Journal.]

Patrick Ward, the well-known Irish politician, who committed suicide at Indianapolis because he failed to receive an office from Mr. Harrison, was a prosperous man before he deserted Democracy. He did yeoman service for Tilden and Hendricks in Indiana during the famous 1876 campaign.

Killed His Brother.
[C. J. of 18th.]

On Monday afternoon two brothers, Jack and Dutch Dickerson, who live on Newcomb creek, Wayne county, fell out over the use of a horse that Jack loaned Dutch. A fight ensued, which resulted in Dutch stabbing Jack several times in the back below the shoulder. He will die.

Railroad for Morgan.
[Herald Green Herald.]

We had a talk with Col. John P. Salyer, of West Liberty, Friday, and he thinks the chances for a railroad to Morgan county are very favorable. A Louisville syndicate owns or rather has an option on a large boundary of land including the Elk coal field, and he thinks the C. & O. Company will build a branch road to that point from Morehead, which can be reached in sixteen miles with a grade of only thirty-five feet to the mile.

The need of merit for promoting personal comeliness is due to J. C. Ayer & Co., whose Hair Vigor is a universal beautifier of the hair. Harmless, effective, and agreeable, it ranks among the indispensable toilet articles.

The chief cook of the Hollywood Hotel, Long Branch, followed to Montreal a man who had robbed him of \$1,000 and recovered his money.

For chronic catarrh, induced by a scrofulous taint, Ayer's Sarsaparilla is the true remedy. It stops catarrhal discharges, removes the sickening odor, and never fails to thoroughly eradicate every trace of disease from the blood. Sold by all dealers in medicine.

Call of Convention.

TO THE DEMOCRACY OF THE 34TH SENATORIAL DISTRICT OF K. You are hereby called to assemble in Convention at the Court House in Catlettsburg, Boyd county, on the 25th day of June, 1889, at one o'clock, p. m., for the purpose of nominating a candidate to represent this district in the next Senate. The Committees of the several counties will arrange as to time and place of holding the County Conventions. Basis of representation is to be one vote for each 100 votes cast for Cleveland and Thurman, and one for each fraction over 50.

The Democratic papers of the district are requested to publish this call.

AUGUSTUS SNYDER,
District Chairman.
Catlettsburg, Ky., June 13, 1889.

What is simply a coincidence often confirms a superstition in the minds even of many of the more intelligent classes of the people. Some weeks ago Rev. John Jasper, the colored preacher of Richmond, Va., who made such a stir by reviving the old and exploded theory that the sun moves around the earth, announced from his pulpit a dream from which he prophesied great disaster by storm and flood, fixing the date about May 31. The terrible and calamitous floods at that time have set the people of Richmond, black and white, to marveling at the fulfillment of the "prophecy," and there are hundreds who now look upon Jasper as gifted with supernatural power, or specially inspired by the Almighty. Matter of fact people will give the Almighty credit for better judgment in the selection of his mouthpiece than would be shown by the choice of one whose ignorance of the simplest results of astronomical observation is so notorious.—Ex.

Some times there is a great deal of profit in little things. Mr. Wm. Ziegler, of Brooklyn, owned forty per cent. of a baking powder establishment. The remainder belonged to two men with whom Mr. Ziegler could not get along very well, and as he was in the minority he sold out to them for the neat sum of two million five hundred thousand dollars. It is, however, said that this was not a wise sale for Mr. Ziegler, since the dividends of his stock yielded him \$1,000 a day. But as he had already saved eight million dollars out of the profits of the business which he had invested in real estate and gilt-edged securities, with a steam yacht, an elegant house and some fast horses thrown in, perhaps he thought he could afford to dispose of his interest cheap. Twenty years ago this thrifty German landed in Brooklyn with only \$12.50 in his pocket. Verily, it is better to own a share in a baking powder establishment than in the Comstock Lode itself.—Courier-Journal.

There is more Catarrh in this section of the country than in other diseases put together, and until the last few years was supposed to be incurable. For a great many years Doctors pronounced it a local disease, and prescribed local remedies, and by constantly filling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally, it goes to the source of the disease, and cures it. It is sold in bottles of 10 drops to a tea-spoonful. It acts directly upon the blood and mucus surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c.

He Coveted No Office.
[Puck.]

"Mr. President," said a caller, "I do not want an office."
"I am very glad to see you," responded Benjamin, with a grateful pressure in his handshake; "you are a curiosity."
"No, Mr. President, not a curiosity. I am a Democrat."

The Kentucky Blue Grass Country.

(Forest and Stream.)
The Blue Grass region proper, or at least its inner peninsula, may be said to embrace only six counties, Fayette, Bourbon, Scott, Woodford, Clark and Harrison. To these the railway guides commonly add Boyle, Jessamine, Mercer and Madison, with portions of Nicholas, Bath, Pendleton, Franklin, Montgomery, Garrard and Lincoln. At its largest estimate there is not very much of it. Lexington is fairly to be called its center, and a radius of 30 or 40 miles swept about that point would cover all there is of the real Blue Grass country. The line thus circumscribed is a charmed circle, and outside of its circumference there is not in the whole world to be found anything the counterpart or equal of the country lying within it. No king on earth can boast a realm like this, and yet this realm can boast hundreds of kings, unassuming and innocent of their royalty. I presume the flower of the South blooms in the Blue Grass country. The war impoverished the planter magnates of the lower South, and Mississippi, Alabama, Georgia and Louisiana have seen decadence in the old Southern life since then, while Virginia, parent of Kentucky and home of a population essentially the same, has known such changes that she is hardly the "ole Virginny" she once was. The war destroyed a principal source of revenue in many of the Southern States, and it has taken years to set on a new order of things, and to inaugurate another era of prosperity. Yet this little Blue Grass kingdom has hardly flagged a moment. It has been prosperous all the time, and satisfied and contented. It does not ask for manufactory and does not wish railroads. It lacks all of what we in the North call energy, yet has what we faint must call absolute prosperity. It toils not, neither does it spin; yet Solomon in all his glory was not arrayed like it. It is a lily country, and a land for lotus eaters.

A WOMAN'S DISCOVERY.

"Another wonderful discovery has been made and that too by a lady in this county. Discoveries are clutches upon her, and for several years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking the first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz. This was W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at W. T. Evans' Drug Store.

"Joy seldom kills," but a case of the kind occurred in Montreal the other day. A man named Carroll, who had served two years of a life term for murder was so overjoyed on receiving the news that he had been pardoned that he dropped to the floor dead. Thus an act of mercy became the executioner of a sterner justice than the judgment of the court imposed.

THE VERDICT UNANIMOUS.
W. L. Salt, Druggist, E. C. J. tests for it. "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took it and was cured of Rheumatism. All persons indebted to J. A. Hughes are hereby notified to come in and settle at once.

A suggestion of Hon. G. W. Castle for the Legislature comes from Boyd county this week. Mr. Castle is in Cincinnati and we don't know how he will regard the suggestion; but think it is hardly probable that he would accept the nomination. However, we will say to the brethren down the way that we will give them the best man available.

We arise to remind any of our citizens who may have an aspiring turn of mind, and likewise those who would like to break the monotony of their existence by stepping out for a few months from the ordinary walks of life, that on one week from next Saturday they will have an opportunity to run for a place on the Board of Town Trustees.

Messrs. J. H. Northrup and R. T. Burns, who are among those ordered by the town authorities to lay pavements alongside their lots on Madison street are setting a commendable example. The order allows them until November to have the pavements completed, but they have already contracted a portion of the work and will complete it as soon as practicable. Let others do likewise.

Louisa has not been asleep during the past year in the matter of improvements. Within that time we have added a handsome new school building, a new jail building, a large handle manufactory, and some dwellings have been erected and others repaired; the Louisa Flour Mills are being repaired and improvements added, preparatory to doing a larger business; a city building is going up; a new church is soon to be erected, and additional pavements and street crossings will soon be laid. The number of enterprises and improvements should be largely increased during the coming year.

Commendable.

All claims not consistent with the high character of Syrup of Figs are purposely avoided by the California Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all, and makes no pretensions that every bottle will not substantiate.

Conventional.

A Mass Convention is hereby called to meet at the Court House in Louisa, Ky., Monday, June 24, at 10 o'clock, p. m., for the purpose of nominating a candidate for County Commissioner. Also, to select delegates to attend the Convention to be held at Catlettsburg, Ky., June 25th, to nominate candidates for the Senate and Legislature. All Democrats are invited to attend. AUGUSTUS SUTHER, Chairman.

A DUTY TO YOURSELF. It is surprising that people will use common ordinary pills when they can secure a valuable English one for the same money. Dr. Ayer's English Sarsaparilla is a positive cure for sick headache and all liver troubles. They are small, sweet, and do not grip. W. T. Evans, Druggist.

Call of Convention.

The Democracy of the Legislative District composed of the counties of Lawrence and Boyd is requested to meet in Convention at the Court House in Catlettsburg, Ky., on Tuesday, June 25, 1889, immediately upon the adjournment of the Senatorial Convention, for the purpose of nominating a candidate to represent this district in the next Legislature of Kentucky. The basis of representation will be one for each 100 votes cast for Cleveland and Thurman, and one for each fraction over 50. The Committees of the several counties will arrange as to the time and place of holding the County Conventions.

The Democratic newspapers of Lawrence and Boyd counties are requested to publish this call of convention. AUGUSTUS SUTHER, District Chairman. Catlettsburg, Ky., June 13, 1889.

SYRUP OF FIGS

MANUFACTURED ONLY BY THE CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LONDON, ENGLAND. NEW YORK, N. Y.

No person is eligible to the office without a certificate, and no other examination can be held during this year under the law.

HAPPINESS AND CONTENTMENT. Cannot be had in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Ayer's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion and make life a happiness and pleasure. Sold at 25 and 50 cents by W. T. Evans.

Louisa Academy will give an entertainment Saturday evening.

A CHILD KILLED. Another child killed by the use of opiates given in the form of soothing syrup. Why mothers give their children such deadly poison is surprising when they can relieve the child of its peculiar troubles by using Ayer's Baby Sore-throat. It contains no opium. Sold by W. T. Evans.

ROCKVILLE, KY. Miss Lotta Hiss, who has been teaching a class in music at this place, finished and went home yesterday. It is but justice to say that Miss Lotta gave universal satisfaction as a teacher at this place. Joe Johnson says we can't afford to do without a music teacher, and is now interested in getting up another class for the same teacher.

Miss Lizzie Warren, of this place, and Miss Maggie Fennin, of Culbertson, who have been attending college at Millersburg, Ky., Miss Clara Powell, who has been attending Marshall College, and Miss Mollie Finney, who has been attending college at Staunton, Va., have all returned home.

Miss Cora Fennin, of Culbertson, who has been sick for three weeks, is convalescent.

Bass Hatten, who has been elected cashier of the new bank at Pikeville passed here enroute to that place last Saturday. Mrs. Bass Hatten and Miss Emma Hatten went from here yesterday to Catlettsburg.

Advice to Mothers. Mrs. Wm. H. Bate's Remedy should always be used when children are cutting teeth. It relieves the little sufferer from teething troubles, keeps the bowels regular, and the child is kept healthy and happy. It is a very pleasant to take. It soothes the child, cures the gums, relieves the bowels, and is the best known remedy for children suffering from teething or other troubles. Twenty-five cents a bottle.

Come to the Convention Monday.

GUARD AGAINST THE STRIKE. And always have a bottle of Ayer's English Remedy in the house. You cannot tell how soon Groupy may strike your little one, or a cold or cough may fasten itself upon you. One dose is a preventive and a few doses insure cure. All Throat and Lung troubles yield to its treatment. A sample bottle is given you free and the remedy guaranteed by W. T. Evans, Druggist.

The Old Doctors

Drew blood, modern doctors cleanse it; hence the increased demand for Alteratives. It is now well known that most diseases are due, not to over-abundance, but to impurity of the blood, and it is equally well attested that no blood medicine is so efficacious as Ayer's Sarsaparilla.

One of my children had a large sore break out on the leg. We applied simple remedies, for a while, thinking that it would heal. But it grew worse. We sought medical advice, and were told that an alterative medicine was necessary. Ayer's Sarsaparilla being above all others, we used it with marvelous results. The sore healed and health and strength rapidly returned. — J. F. Armstrong, Weimar, Texas.

"I find Ayer's Sarsaparilla to be an admirable remedy for the cure of blood diseases. I prescribe it, and it does the work every time." — E. L. Pater, M. D., Manhattan, Kansas.

"We have sold Ayer's Sarsaparilla for years and have never known a case of blood poisoning that it did not cure. It is the best blood-purifier." — W. T. McLean, Druggist, Augusta, Ohio.

"Ayer's medicine continues to be the standard remedy in spite of all competition." — T. W. Richmond, Bear Lake, Mich.
